

KAWASAKI UNLEASHES MONSTERS INTO THE MARKET!

What do you get when you take the all new 2009 KX450F and KX250F complete with their new engines, frames and suspension and add to the mix, Candy Lime Green hubs with black rims and new Black Monster Energy styling??? You get the best damn looking and performing Motocross bikes in the whole world - The all new 2009 Kawasaki KX450F & KX250F Monster Energy Models! They are available now at your nearest Kawasaki Dealership at the RRP of \$11,790 for the KX450F Monster Energy and \$10,490 for the KX250F Monster Energy.

For the racer who doesn't just want to beat the competition, but completely demoralise them, the sinister looking KX450F and KX250F Monster Energy Motocrossers are the weapons of choice. The KX450F & KX250F Monster Energy Models come complete with Candy Lime Green hubs with black rims and new Super Black Monster Energy styling on both guards, sides, number plate and side radiator shrouds.

Other than looking good, the KX250F and KX450F are built to take their riders straight to the podium. The KX450F is an all new fuel injected machine that has undergone its biggest change since its 2006 debut while the KX250F is slimmer, lighter and faster for 2009 featuring a new engine, frame, suspension and improved all round ergonomics. For pure motocross adrenaline in a sinister black wrapper, get on board the all new 2009 KX450F & KX250F Monster Energy Models at your nearest Kawasaki Dealership today.
